

## Jenny's barn

Take the old state road, get off on 69  
there's some dangerous curves,  
hidden back in the pines  
you want to make the trip,  
you need some four wheel drive  
out there those country girls sure know  
how to have a good time

she's got a smoking big rack of ribs  
out roasting on the barby  
liquor, poker she knows how to throw a good party  
till the break of dawn we'll get it on at Jenny's barn

when things heat up, grab an ice cold beer  
there's a back porch swing, pimped up john deer  
she'll crank up george straight,  
and get behind the wheel  
if you play your cards right you can drive it all night  
on her fresh plowed field

she's got a smoking big rack of ribs  
out roasting on the barby  
liquor poker she knows how to throw a good party  
till the break of dawn we'll get it on at Jenny's barn
